Dear Sir/Madam,

R&A WORLD AMATEUR GOLF RANKING

Greetings from Malaysian Golf Association

The WAGR System ranks the top Amateur Golfers in the world on the basis of their average performance in Counting Events on a rolling cycle over the previous 52 weeks which commenced on 1st January 2007. MGA has been participating in this System since it started (the list of events is attached) and so far, several of our top amateurs have already been included in the ranking like Akhmal Tarnizee, Haziq Hamizan who have since turned Professionals, Gavin Green, Nicholas Fung, Abel Tam, Mohamad lylia, Mohamad Iszaimi and a few others. For a complete list of the players, please go to their website, <http://wagr.randa.org/>.

We are pleased to inform that the Competitions & Rules Sub-Committee of the MGA is inviting our affiliates to submit their clubs' open championship events to be included in the R&A World Amateur Golf Ranking (WAGR).

To be eligible to participate in this System, the following conditions must be strictly followed:

- i. Minimum of 3 rounds
- ii. Strokeplay or matchplay format
- iii. Strictly adhered to the Rules of Amateur Status. Prizes awarded must be below the prescribed limits of £500.00 or RM3,500.00. Hole-in-one prize must also be valued below the said limit.
- iv. Affiliates must be in good standing order with MGA.
- v. The results of the tournaments must be sent to MGA as soon as it is completed for our onward action.

Please be informed that the final approval comes from the R&A and thereafter their WAGR logo and MGA logo can be used in any publicity materials by your club.

We hope that you would take this opportunity to submit your events for inclusion in the System to attract more top amateurs in Malaysia and in the region to participate in your club's open championships. Thank you.

Yours sincerely,
for Malaysian Golf Association
