Dear Sir/Madam,

RE: MONTH END PROCESSING FOR JULY NHS CARDS

Greetings from Malaysian Golf Association!

We refer to our letter dated 30th April 2008 and 9th May 2008 on the viruses outbreak classified as “ **Trojan, Worm, Spyware and Rootkit** ” from China affecting worldwide and the ‘**Action Plan**’. We have also advised clubs to install the updated anti-virus software in their PC.

We regret to inform you that for the July processing, the June data's for 24 clubs were found to be excluded and not processed. In this respect, we recommend the current (July) handicap and index be used until further notice.

We are in the process of rectifying the problem as soon as possible and would ensure that the June's data's are included in the July Month End Processing for the effected clubs.

Sorry for the inconvenience caused

Thank you.

Your sincerely,
for Malaysian Golf Association

**V.RAVINDRAN
General Manager**

**On behalf for
EN. ZULKIFLI DATO' ISMAIL
Honorary Secretary / Chairman, NHS Committee**
